

Automatizando

Despliegue

Despliegue continuo

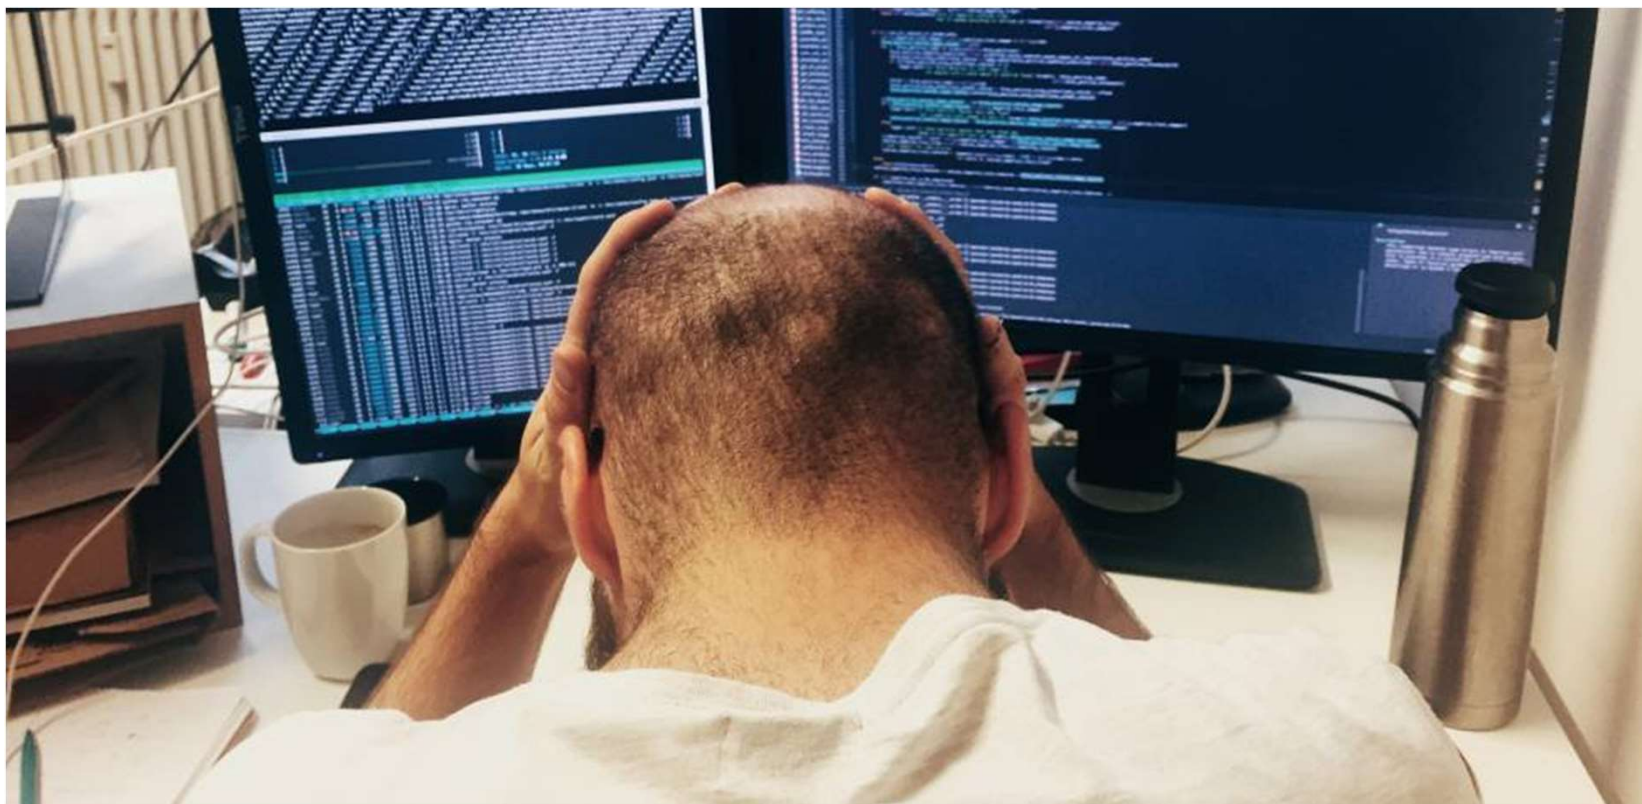

Motivo

Fixing a bug in production.

No todo es color de rosas

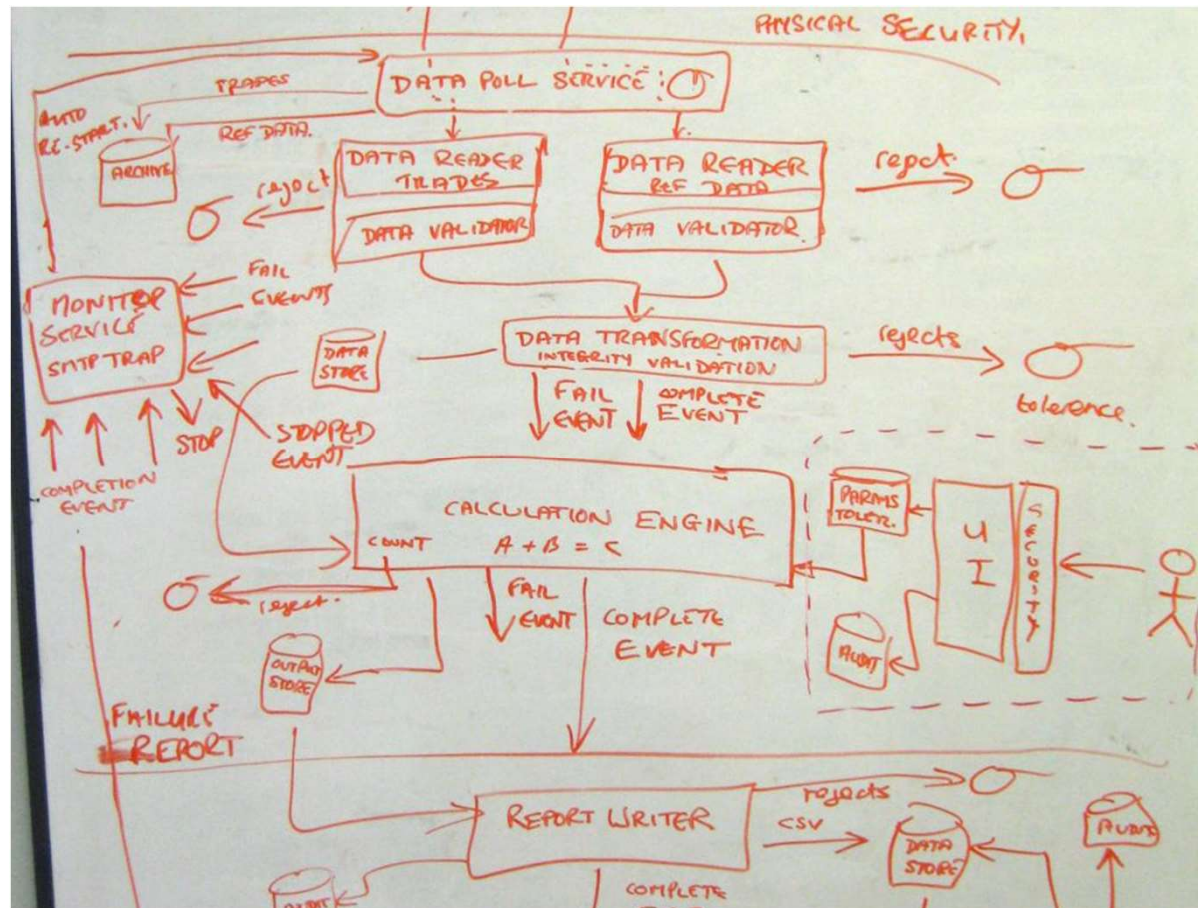

Pero tiene muchas cosas buenas

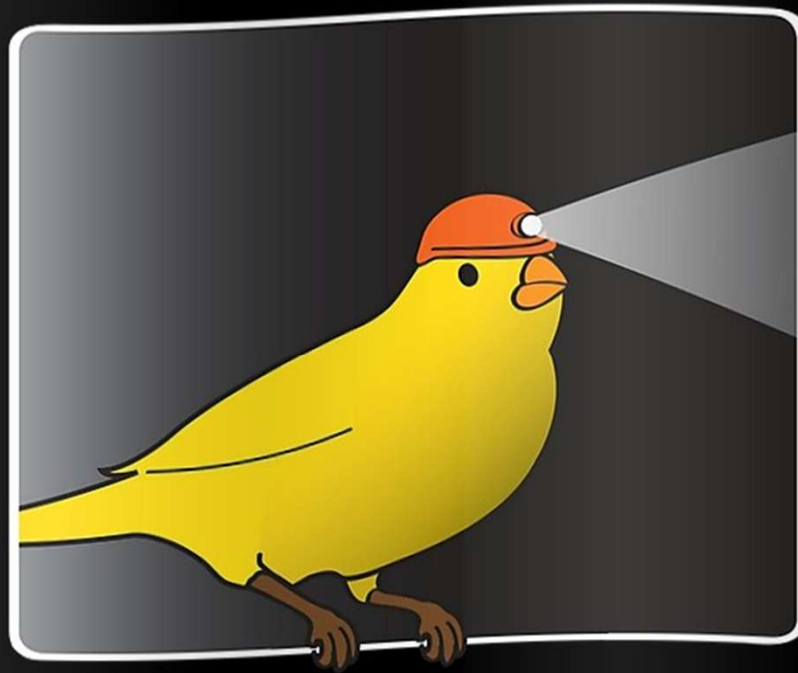

Tanto para proyectos nuevos

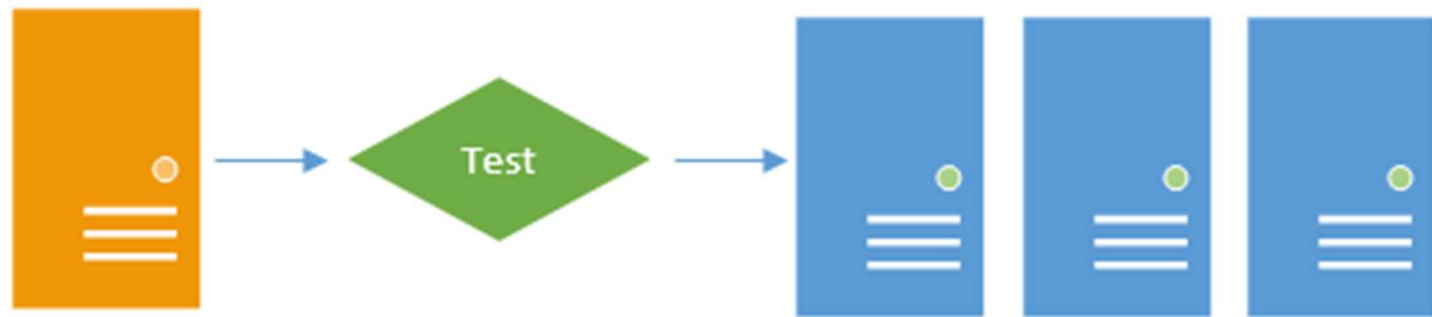

Como para los más maduros

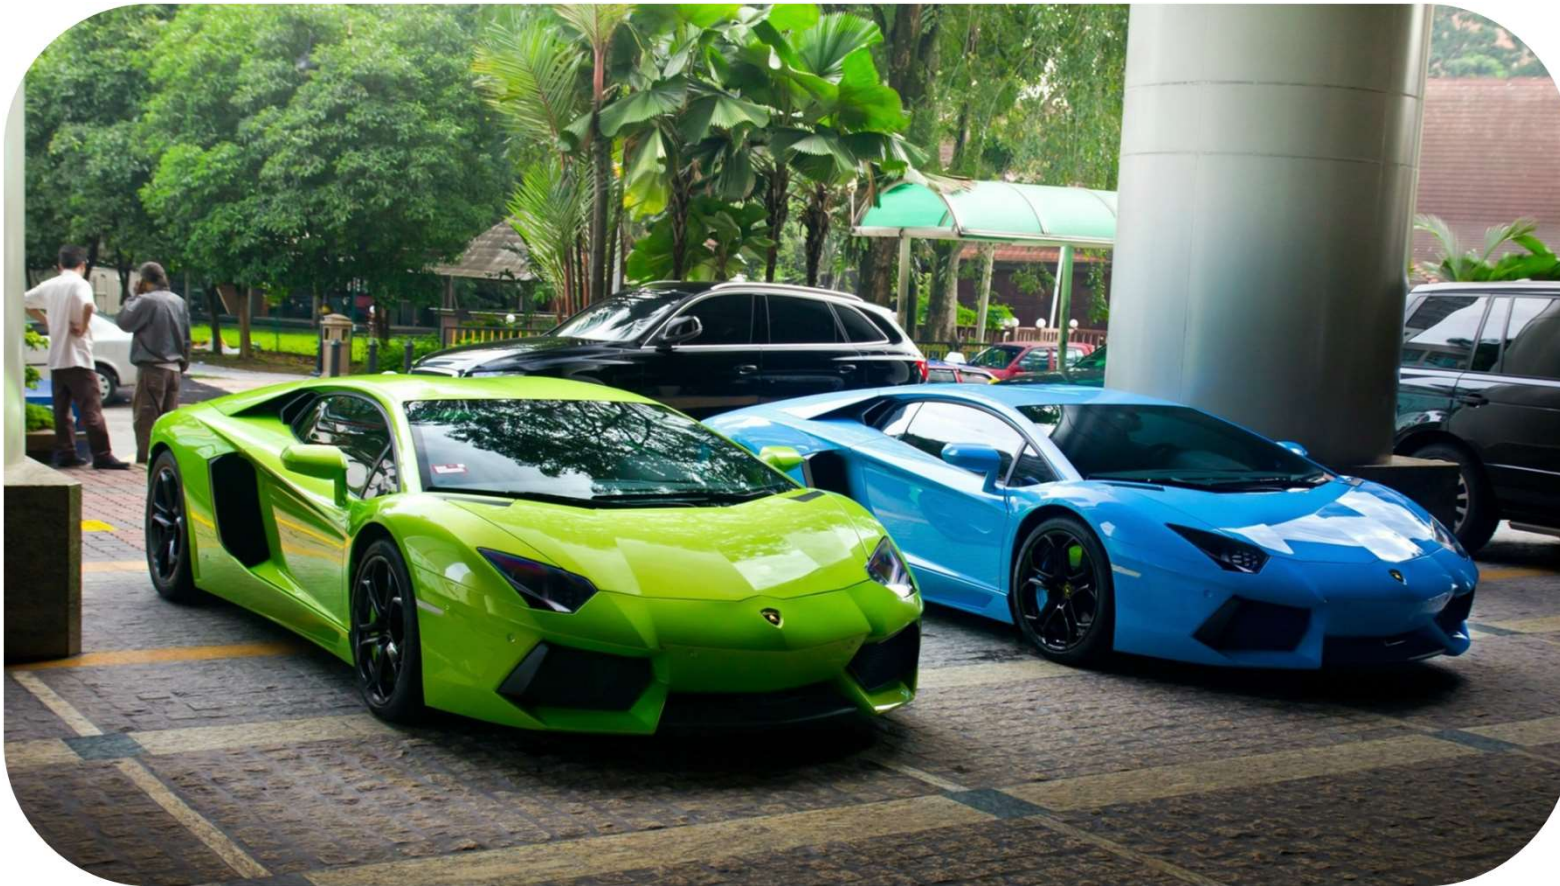

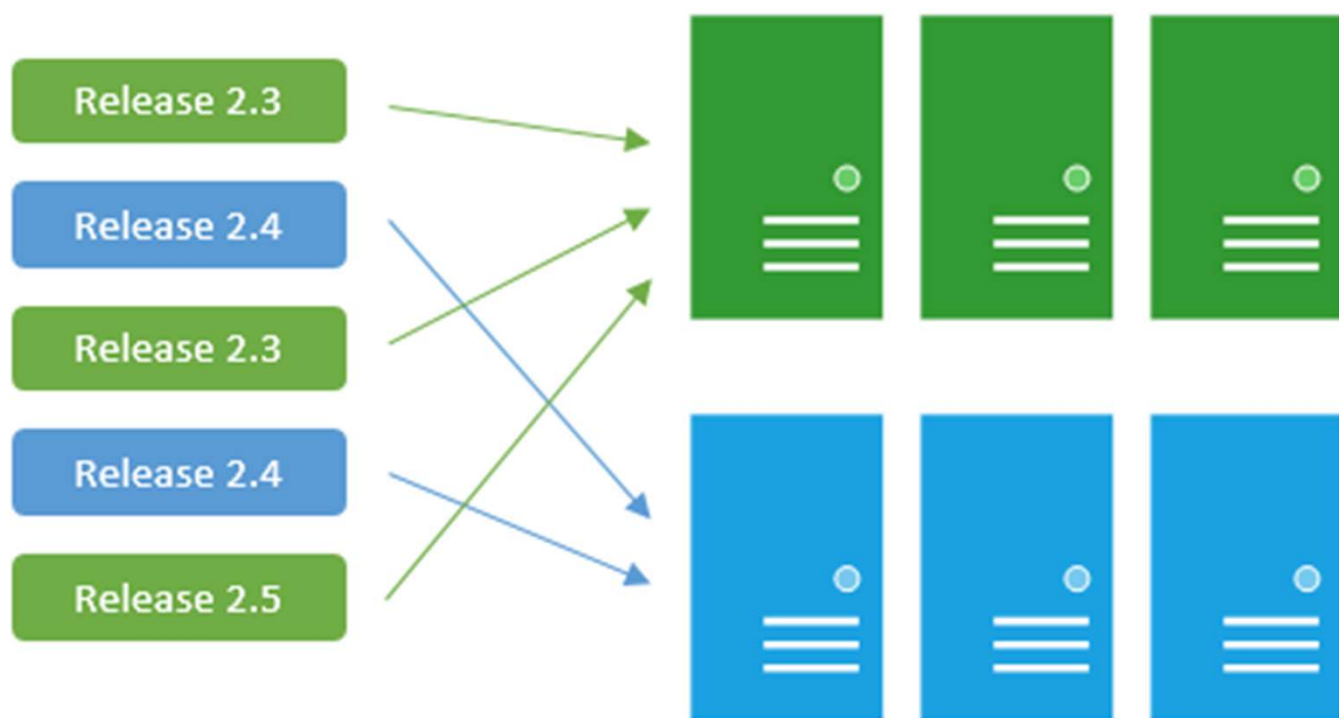

*Algunas
estrategias:
Canary
deployment*

Algunas estrategias: Blue Green deployment

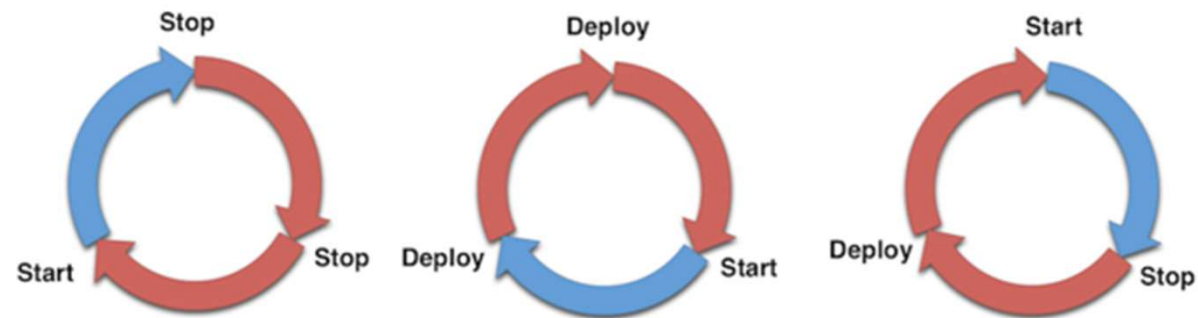

Algunas estrategias: Big Bang

Algunas estrategias: Rolling deployment

ROLLING DEPLOYMENT

State 0

State 1

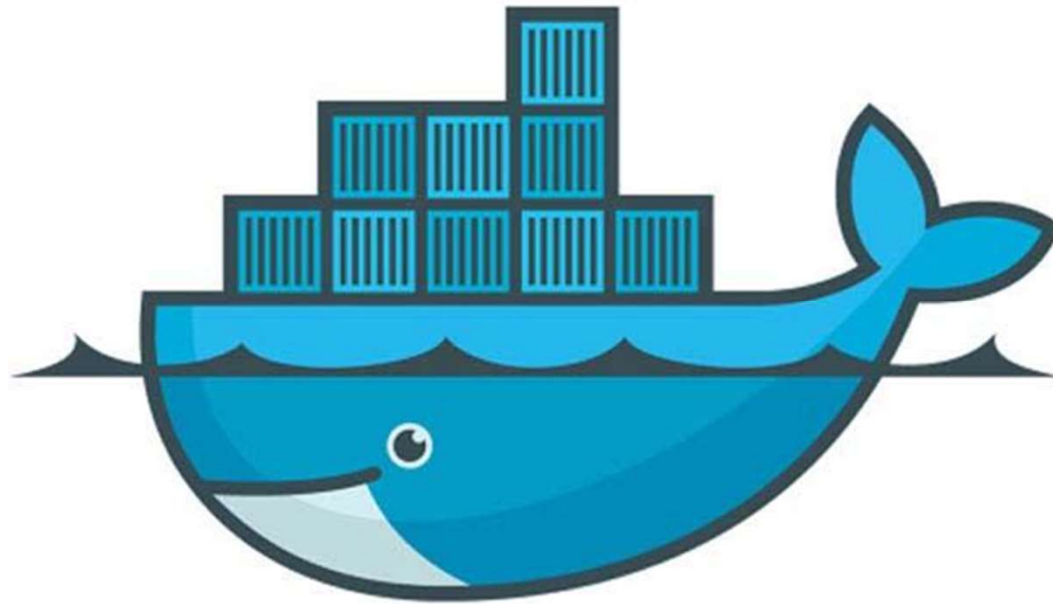

State 2

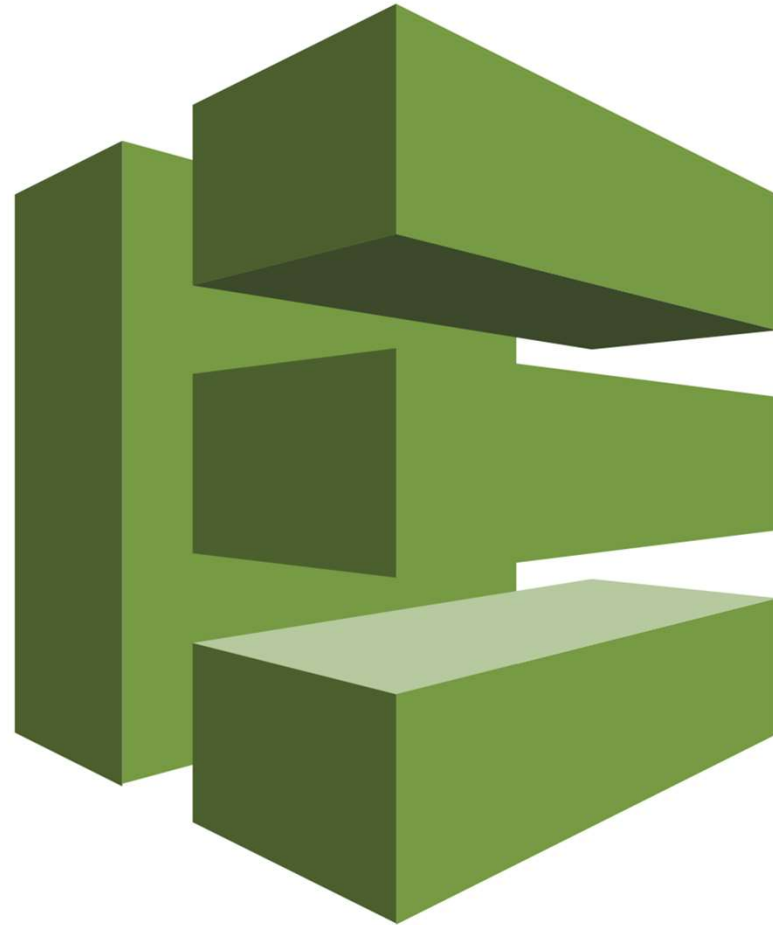

Final State

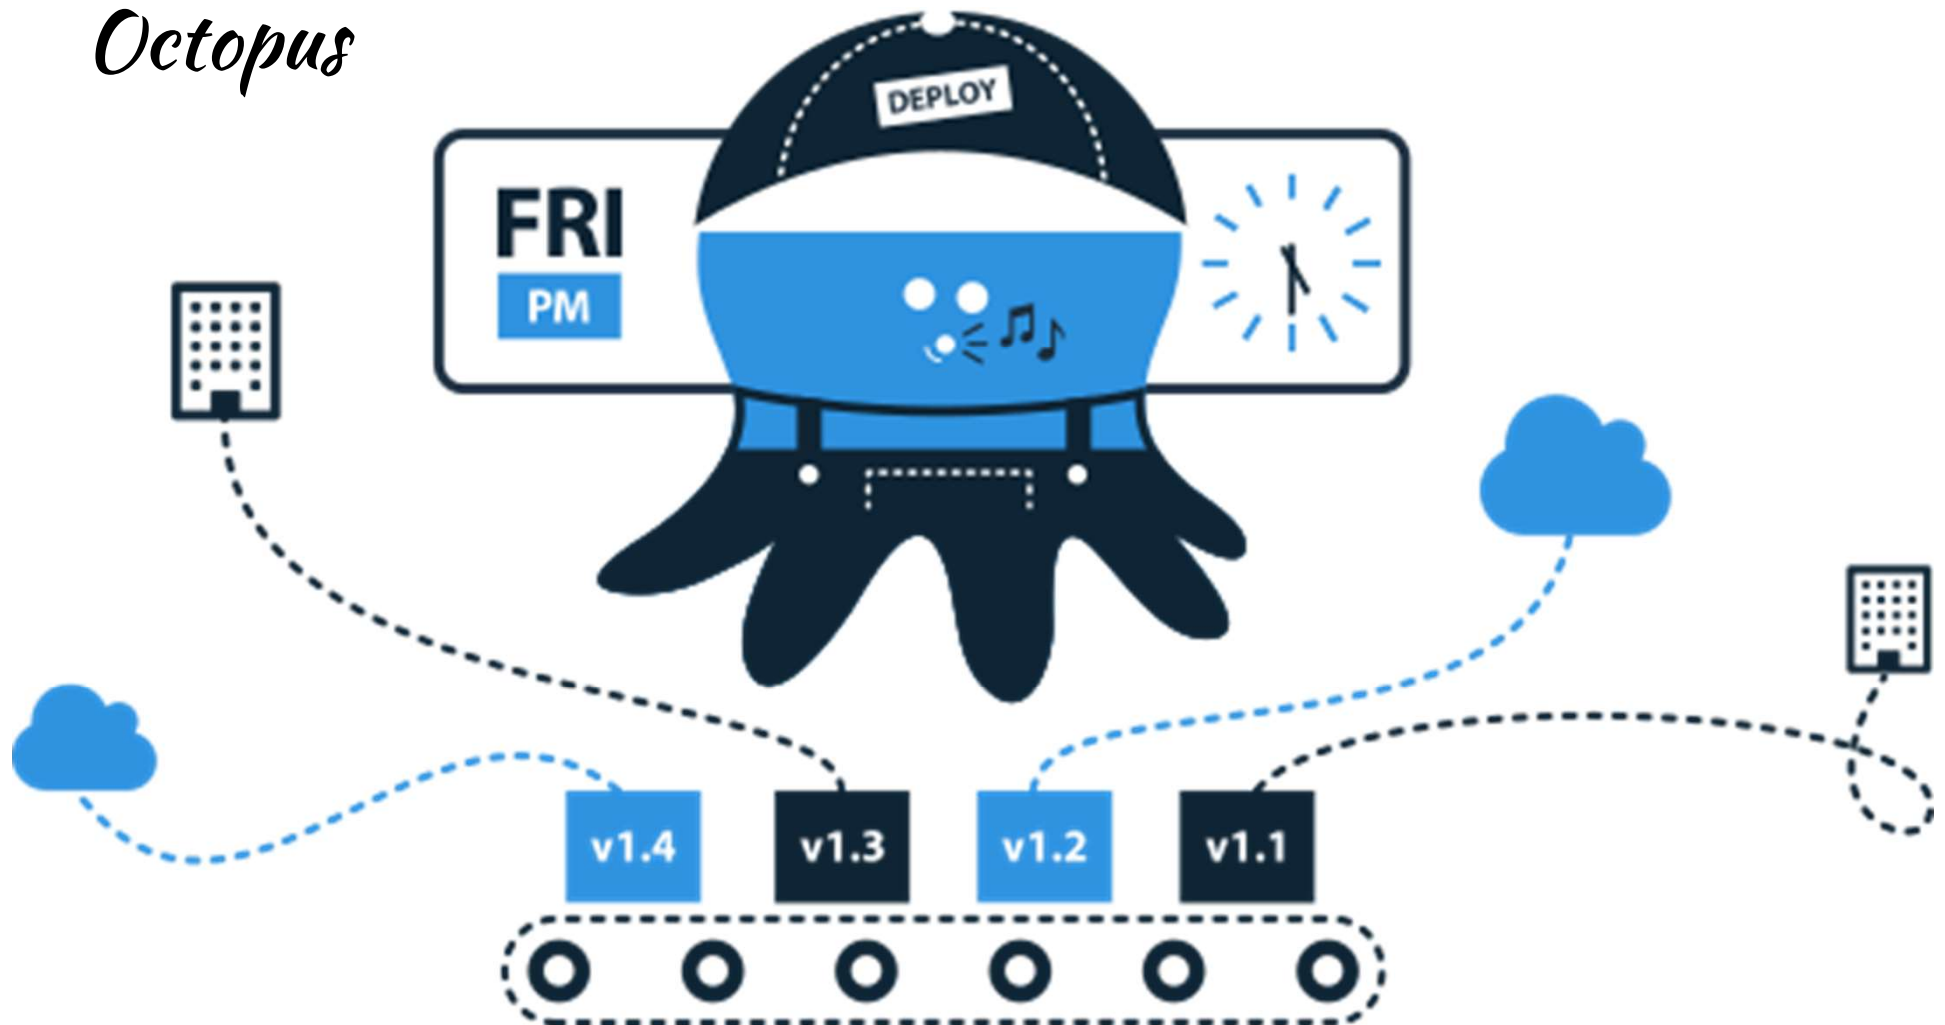

Y todo esto con que se hace?
Docker

AWS CodeDeploy

Octopus

DeployBot
